To
The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Medical attendance - Reciprocity between Defence of
Services and Provincial Medical Services for medical
treatment of their respective employees.

Sir,

With reference to your letter No. 1232 P.H., dated the 15th April 1947, on the above subject, I am directed to say that this Department is of the opinion that it is rather unreasonable and unjustifiable for the Madras Government to treat military personnel who were in their area for reasons of security, as though they were members of the general public. Instead of Government servants on duty in the local locality. The proper course, it is felt, would have been to have charged such officers and other ranks as similar classes of Government servants in the Province. If this is not agreed to, it is considered that the only other reasonable method of adjusting this claim would be to fix a fixed rate taking into account the special circumstances set out in this Department letter No. 5909/243/DMS7(Ar), dated the 8th January 1947.

The following rates are suggested:

(a) For non-commissioned personnel - the rate of Rs.4/8/- a day, although 50% above the corresponding military rate for civilians, is considered not unreasonable and is accepted, as a special case.

(b) For commissioned personnel - the rate of Rs.9/- is regarded as equitable. This rate is 50% above the rate charged for Civilian Gazetted Officers by this Department and double the rate the Madras Government are charging for B.O.Rs.

I am to add that this Department would feel obliged if the Government of Madras would agree to the modified rate suggested for military officers, so that early orders could be issued for a settlement of the outstanding claims.

Yours faithfully,
L.G. MIRCHANDANI
